Paint Has Saved It From Ruin

Without paint protection during its seventy years of service it would have gone to ruin long ago. The surface coating of paint has borne the wear of rain, storm, sun and wind—no chance for decay or rot. Every board and timber will be sound and strong, as long as it is kept well painted.

Lincoln House Paint

gives the best and most lasting protection. It will cover more surface per gallon and wear longer than ordinary paint.

Medina County Democratic Convention.

The Medina County Democratic Convention met at the Court House at Hondo on May 4, 1920, at 2 p. m.

Hon John T. Briscoe was elected president of the Convention. Mrs. H. G. Henderson was elected secretary and Hon. G. C. Morris, assistant secretary.

Request was made for all delegates to file their credentials and returns of all precinct conventions held in Medina County, Texas, on Saturday, May 1, 1920.

The following committee on credentials was appointed:

Jack Fusselman, J. P. Dewald, D. H. Fly, L. J. Brucks, W. B. Hardeman, W. F. Naegelin, Charles Duncan.

The Committee on Resolutions appointed as follows:

L. J. Brucks, G. W. Hester, G. C. Harrison, Rev. C. E. Wheat, Judge V. H. Blocker.

The Committee on Resolutions submitted the following:

Be it resolved by the Democrats of Medina County Texas, in County Convention assembled:

First. That we heartily approve of the great achievements of our Democratic National Administration under the leadership of Woodrow Wilson; both in peace and war; and we favor its unqualified endorsement by the Democratic National Convention to be held at San Francisco; both in the platform it shall adopt and in the candidate for President and Vice-President it shall nominate.

Second. That we instruct our delegates to the State Convention to vote for no person for delegate from Texas to the Democratic National Convention who does not favor and support the principles and purposes expressed in this resolution.

Third. That we instruct our delegates to the State Convention to vote as a unit on all questions submitted to said State Convention.

Resolved: That our delegates to the Democratic State Convention to assemble on the 25 day of May 1920 be and they are hereby instructed to support Mrs. Clara Driscoll Sevier as one of the delegates-at-large from Texas to the National Democratic Convention.

Resolved that we endorse Hon. Thos. B. Love as National Committeeman from Texas and instruct our delegates to vote for him for that position.

Committee on Nominations appointed as follows:

D. H. Fly, J. C. Thompson, Miss Lena Stone, E. W. Lacy, H. F. King.

To the State Convention to select delegates to the National Democratic Convention to be held at San Francisco the Committee nominated the following persons to wit:

J. T. Briscoe, L. J. Brucks, Elmer C. de Montel, Dr. W. H. Smith, V. H. Blocker, Miss Lena Stone, Mrs. R. H. Hudspeth, D. C. Brown, S. P. Childress, Mrs. H. G. Henderson.

Respectfully submitted
MRS. H. G. HENDERSON,
Secretary.

Card of Thanks.

To all those who aided and assisted us during the illness, and sympathized with us on the death, of our dearly beloved wife and mother, we extend our sincere thanks. School Children Examined.

One of the most successful events that has been held in Hondo was the free medical and dental examination of the pupils of the Hondo School under the auspices of the P. T. A. This was part of a similar movement carried on throughout the country and in general normal conditions and thoroughness, it compared favorably with reports of other sections.

The purpose was not to start a panic or secure patients but to ascertain the general condition, prevent the spread of anything contagious, if found, and to locate those little troubles which do not come to a doctor's or parent's notice ordinarily till well advanced. For instance, a slight case of enlarged tonsils or adenoids found in such an examination might escape notice otherwise until serious but in this manner was found and treatment recommended; or a few bad teeth or strained eyes—which a pair of glasses would relieve—could be the otherwise inexplicable cause of a child's backwardness or failure.

Dr. H. J. Meyer had charge of the ear, nose and throat examinations assisted by Mrs. J. B. Hurt. Dr. W. H. Smith tested lungs, heart and skin with Mrs. Smith and Prof. Howell assisting. Dr. Bradley in testing vision and examining the eye was assisted by Mrs. Noonan. Mrs. Chancey was in charge of measuring; Mrs. Cockrell of weighing. Dr. O. B. Taylor held his dental clinic, with Mrs. Leo Schweers as secretary, and Mrs. H. J. Meyer acted as secretary to Dr. Schlottman in his work.

The committee was in charge of Mrs. Smith, and a large room was prepared for the 2 days examination under Mrs. Hurt's directions. To the doctors and nurses who gave so freely of their skill and time and the ladies for their assistance, the Mothers' Club extends cordial thanks.

Average of record as follows:
Skin: nearly 100 per cent normal.
Teeth: many needed attention, filling, extraction of baby teeth and care. Bad teeth may cause ill health and backwardness. It reminds one of the old ditty:

"The old family tooth brush
The old family tooth brush
The old family tooth brush
That hung by the sink.

Father abused it
Mother she used it
Sister refused it
But I use it still."

The general verdict of the dentists was for a more liberal use of the toothbrushes. Clean teeth mean less dental bills.

Posture: usually poor as growing children are apt to stoop.
Lungs—Heart: fair. Those who were bad should be further examined.

Nutrition: good.

Enlarged tonsils: 30 per cent or 78 cases.

Adenoids and pharyngitis: 12½ per cent or 23 cases; this latter should be treated.

Hearing: high percentage normal; others if not treated before should see a doctor.

Sight: generally normal. A few which need glasses or slight treatment would find improvement in health.

Those 3 or 4 who had granulated eye lids should be treated immediately as this is serious and contagious.

Old Jupiter Pluvius is showing a disposition to be more considerate toward this portion of Uncle Sam's homestead. After several days of threatening weather the heavens opened and Old Mother Earth was treated to 1.31 hundreds of rain Thursday night; again, about 11:00 o'clock Friday forenoon another heavy rain fell. The precipitation seems to have been pretty general over the county and again everyone is happy.

ANTONIO MORENO

Inspired by the advice of an American actress, Antonio Moreno joined a stock company at Northampton, Mass., after completing his course at Willistown Seminary. Soon he was engaged by Leslie Carter and later appeared with Constance Collier in "Thais." Then he went into silent drama and played with Edith Storey, Irene Castle and Pearl White. Then Albert E. Smith, president of Vitagraph, placed him under a long-term contract and introduced him to the serial. His fiery black eyes, black hair, complexion of "golden pailor" and a talent for expression make him the ideal type for the screen.

YALE NOMINATES WOOD

Chicago Alumni Give Him 142 Votes Out of 250 Cast at a Mock Convention.

Chicago, April 14.—The Yale club of Chicago nominated Leonard Wood for president at a mock convention. Of the 250 votes cast, Wood received 142. Hoover, 68; Lowden, 31, and Harding 5. Of the four Democratic votes cast Palmer got 2, Edwards 2.

The convention was held in regular form. When Roswell B. Mason, the chairman, called for nominations Henry S. Hooker, '02, presented Wood's name. Charles H. Hamill, '90 presented Governor Lowden's name. Hoover was nominated by Robert A. Taft, '10, and Harding by Dudley S. Blossom, '02.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today. 60c per bottle.

GREAT IN HIS PENMANSHIP

Leonard Wood Puts Himself in Class With Horace Greeley and Napoleon.

Leonard Wood's penmanship is his weakest point, but in that he has as prototypes, Horace Greeley, Napoleon and many other illustrious leaders. Clive Newcome Harit, who was his stenographer at Governor's Island, writes:

"During the winter of 1916-1917 General Wood was traveling here and there speaking in behalf of preparedness. It was part of Captain Johnson's duties—Captain Johnson being an aide to the general—to keep in touch with his itinerary. One day the captain came into the office, and picking up the general's memorandum pad, scowled in perplexity at the words scrawled across the page in the general's inimitable handwriting. The general watched him quietly for a few moments, then said:

"What's wrong? Fire away."

"That was his usual signal that he was ready to listen to what one had to say."

"Er—excuse me, general," said Captain Johnson, hesitatingly, "but, but—I don't quite understand the memorandum. This reads 'Here for lunch' while my slate says you are not in town tomorrow—and I don't quite understand—that is, I've made no plans for lunch for tomorrow."

"Let me see it," said the general.

"He glanced quickly at the notation on the pad, and then said disgustedly: 'That doesn't say anything about 'Here for lunch.' It reads 'Leave for Ithaca.'"

WOOD LEADS IN LITERARY DIGEST

Leonard Wood Is More Than 9,000 Votes Ahead of Nearest Competitor.

In its attempt to learn the composite choice of the nation for nomination for president, the Literary Digest of the week of April 24 publishes the second installment of its presidential poll of 11,000,000 voters. The returns include 149,004 votes. Leonard Wood continues to hold a big lead.

Wood has 32,351; Hoover, 22,908; Johnson, 22,609; Harding, 10,432; Hughes, 5,922; Lowden, 6,449; Taft, 3,400. Among the Democrats, Edwards gets 7,568; McAdoo, 6,740; Wilson, 6,491; Cox, 5,649; Bryan, 3,885.

Hoover receives a Democratic vote of 9,974 which is larger than the Democratic vote cast for any avowed Democrat. McAdoo has the first place in the declared Democratic vote with 5,613 and Wilson is second with 5,342.

The vote continues to come mainly from Ohio, New York, New Jersey, California, Texas and Washington.

New York Leans Ever Woodward.

New York, April 24.—Although the people of Ohio will actually vote for the selection of only 48 delegates to the Chicago convention at the polls on April 27, the result of their balloting will materially influence 88 delegates from New York state at nomination time.

A poll of the Empire state's 88 delegates, elected on April 6, shows that they are for the strongest candidate, with a leaning toward General Wood because he is in the lead. The remarkable showing General Wood made in Illinois against Governor Lowden has boosted his stock with the 88 New Yorkers and they are now watching Ohio. If General Wood makes as good a showing against Senator Harding in Ohio as he did against Governor Lowden, this fact will practically insure the vote of the New York delegation for him.

John J. Lyons, a leading New York delegate elected to go to Chicago, said: "Two things are certain about the New York delegation: First, it is not for Senator Johnson, because all the Johnson pledged candidates for delegates were beaten by three to one or worse in the recent primary election; second, it is going to vote for the man who is nominated. At present it looks like Wood is going to be nominated, for he has split the delegation in one favorite son's state and it looks like he has a chance to split another favorite son's native state's delegation. If he does the New York delegation will regard him as the man most likely to get the nomination and will support him after a complimentary first ballot for Dr. Nicholas Murray Butler. A recent poll showed Wood was the first choice of 75 per cent of the people of New York state, and if to this sentiment is added the Illinois outcome and a similar result in Ohio, it can readily be understood why Wood would stand ace high with the New York delegation."

Garland for Wood.

Hamlin Garland, the writer, has written a letter of indorsement of Maj. Gen. Leonard Wood, in which he says:

"General Wood knows the old world and the new. He has a wide acquaintance among the men of power and patriotism and can be trusted to form a cabinet of the highest ability. He has shown that he can hold the even hand over the labor problem. He is neither the business man nor the partisan of labor; he is a great and patriotic citizen, a civilian of vast experience, a soldier of noble spirit and notable self-restraint. Admirable as the other candidates are General Wood by his training, by his experience as well as by his temperamental qualities has first claim on the voters who realize that this is a time of swift change and that the nation needs an executive of proven ability and impartial good will."

WOOD FAR AHEAD IN PRIMARY VOTE.

William Cooper Proctor, chairman of the Leonard Wood national campaign committee, gave out the following statement relative to the Nebraska returns:

Nebraska was a natural victory for Johnson, as so many distinct elements were co-operating in his favor, while the other vote was divided in the ratio of about 60 to 40 between Wood and General Pershing. In Nebraska as always where there has been any test of popular approval of Wood's candidacy, he has run first or second, yielding first place to Johnson only in Michigan and Nebraska, where he was a close second, defeating all other candidates. But the New Jersey and Ohio primaries are coming next Tuesday and Indiana on the following Tuesday, where there will be a different verdict.

The primary vote was:

Minnesota—Wood, 12,627; Johnson, 8,517; Hoover, 4,481; Lowden, 3,510.

South Dakota—Wood, 29,362; Lowden, 25,701; Johnson, 23,594; Polinder, 990.

Michigan—Johnson, 127,253; Wood, 83,747; Lowden, 46,107; Hoover, 41,544.

Wisconsin—La Follette, 7,889; Wood, 2,156; Hoover, 1,612; Johnson, 912; Lowden, 326. (All names written in).

Illinois—Lowden, 222,982; Wood, 158,101; Johnson, 45,583.

Nebraska—Johnson, 24,416; Wood, 18,905; Pershing, 12,521.

This is a wonderful demonstration of the nation-wide interest and earnest approval of the American people in favor of Wood's candidacy. In all parts of the country, in all sorts of places, among all sorts of people, his candidacy is strong and this showing will mean his final indorsement in June at the Chicago convention.

WOOD LEADS IN TENNESSEE

Chicago, March.—The Knox county delegation in the second district of Tennessee is solid for Wood for president. At the convention in Knoxville, the following resolution was passed: "We indorse the candidacy of Leonard Wood for the Republican nomination and instruct our delegation to the state convention to vote for delegates who are favorable to him."

Hal H. Clements, Republican state chairman of Tennessee, wired Frederick A. Joss, national vice chairman of the Wood campaign, that the state is now solid for Wood.

Convincing Testimony.

Given By Many Hondo People.

Experiences told by Hondo people. Those who have had weak kidneys—Who used Doan's Kidney Pills—Who found the remedy effective—Such statements prove merit. You might doubt an utter stranger. You must believe Hondo people. Here's Hondo proof. Verify it. Read. Investigate. Be convinced. You'll find why Hondo folks believe in Doan's.

Joseph Mechler, Hondo, says: "I can highly recommend Doan's Kidney Pills for I know they are good. I was taken with a severe backache and had sort of a dull pain in my kidneys day and night. When I would stoop over I could hardly raise up again. My kidneys didn't act right and I had to get up at nights on this account. A friend told me about Doan's kidney Pills so I used them and was helped from the first. Two boxes of Doan's made my back as strong as iron and made my kidneys act like clock work."

LABOR SQUARELY BEHIND GENERAL WOOD

Chicago Unionist Says He Offers One Need of Employer and Employee—Justice.

In an editorial entitled "General Wood and Labor's Need," the Chicago Unionist comments on the result of the primaries in Cook county, and Chicago as follows:

"Lining up the presidential possibilities side by side, and considering what each has to offer labor, we believe that General Wood's tribute to our cause will be labor's one need—justice. We want nothing more, and most emphatically nothing less."

Speaking of the strikes in Chicago, which caused him to abandon his speech-making tour in the eastern states to return here, General Wood said:

"This country is going to be run by Americans, cost what it may. No class legislation, either of wealth, labor, or power, but a real democracy and a spirit of co-operation and helpfulness, is the need."

Yes, General Wood, you have put your finger on the pulse of the situation. Labor is menaced by foes from within. You are right in protesting against class legislation. Labor wants no legislation giving it a balance of power, but labor does want legislation, giving it its rights; nothing more; nothing less. Labor desires no legislation of class. Labor wants no legislation of wealth. Labor wants no legislation of power, and above all, labor wants no legislation of labor. Labor wants justice; justice to itself; justice to capital; justice to every combination of citizenry that goes to make our great American nation. Labor will be satisfied with justice, and when justice is meted out to her, the undercurrent of unrest will be calmed; but not before.

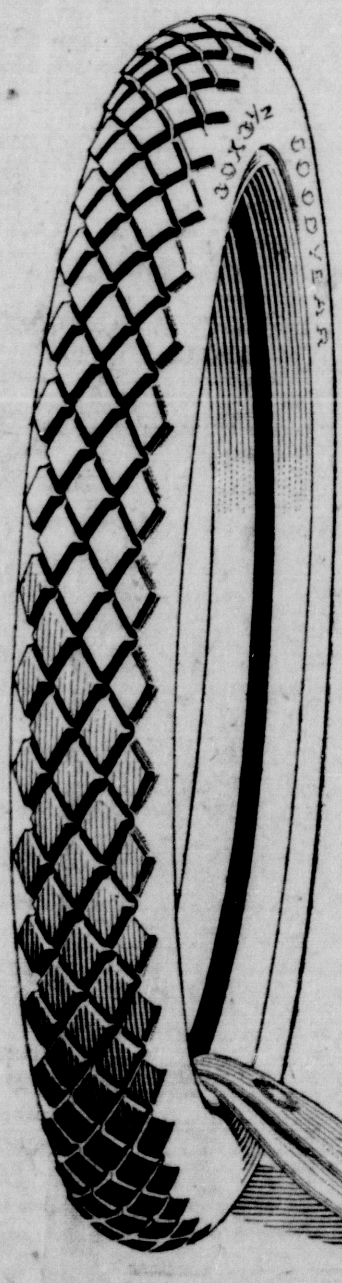

So, General Wood, more power to you. Your dictum against class legislation, whether of wealth, or of labor, or of power, does credit to you, because it is what every true American citizen wants—justice for all, and special privileges for none.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Equip Your Smaller Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the smaller Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest priced automobiles of the day.

You can well do so because these smaller Goodyear Tires are easy to obtain, being produced at the rate of approximately 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of the smaller cars.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

After a residence in Hondo of twenty years Mrs. Wm. A. Schmitt, accompanied by her sons, Milton and Wm. M., returned to her native city, San Antonio, this week where she will again make her home. Mrs. Schmitt will be missed in Hondo. Throughout her entire residence here she was always striving for the advancement of Hondo and vicinity and was always first and foremost in every effort to make this a more desirable place in which to live. While her friends will greatly miss her aid and counsel they all wish for her many years of contentment and prosperity in her new home.

In Memorial.

Last Thursday, May 6th, 1920, at 2.30 o'clock, a well known lady, Mrs. B. H. Brucks, of Quibi, was called away. On Friday afternoon her earthly remains were laid to rest in the Quibi cemetery. The pastor of the Lutheran Church at Quibi officiated. A host of relatives and friends from far and near had gathered to show their love and respect for the deceased.

Mrs. Brucks was beloved and esteemed by all who knew her. She was born Nov. 30, 1860, at Quibi. On Dec. 2, 1882, she was married to Mr. B. H. Brucks.

She is survived by her husband and six children, Julius, August, Adolf and Walter, Mrs. L. A. Saathoff and Mrs. Emil Saathoff, who all reside in the vicinity of Dunlay and Hondo, and 16 grand children. Furthermore, there are three brothers, Julius Marquis of Cuero, Alex Marquis of New Orleans and Louis Marquis of San Antonio, and three sisters, Mrs. Jacob Breiten of Dunlay, Mrs. Rolf Balzen of Knippa, and Mrs. Karl Grell of New Fountain, to mourn her death.

Her parents, two sisters and one grand child had been called away before her.

In former years Mrs. Brucks had been a strong and healthy woman, who was always thoughtful of others and ever ready to help. In the midst of her busy career, on July the 10th, 1914, she had an attack of paralysis, of which she never recovered. For several years after that, she was able to go about some, but since December 1916 she was confined to bed until her end.

She was a faithful wife, a loving mother and sister, and a true friend. A host of friends sympathize with the bereaved ones.

Peace be with her. K.

Parent-Teachers Association.

The Parent-Teachers Association met Monday in final session before school closing. Mr. Howell, however, kindly placed the school and janitor service at the convenience of the club throughout the summer and it was voted to avail themselves of the privilege and to continue meeting. A feature of the afternoon was Mrs. Chancey's report from the District Congress of Mothers which met in San Marcos and where Hondo was represented by Mrs. W. H. Smith and Mrs. Roland Chancey. Another interesting item was the forceful speech by Superintendent Howell, thanking the members of the club for their support and co-operation and pledging himself to their service in the welfare and progress of the school and community thru the coming year. The principal feature of the afternoon was the attractive musical program arranged by Miss Nell Wilson. Her pupils from beginners to more finished performers showed the effect of the skill and training which characterizes Miss Wilson's playing.

THE PROGRAM

JUAJILLA LEAF NOTES.

MR. J. D. HOWELL.

TO OUR SUPERINTENDENT.

With our senior year rapidly coming to a close, we, the Senior Class of 1920, have chosen this paper as a medium for the expression of our respect and gratitude to the man who has shown, in a thousand instances, that he has always the interests of our class, and of the school as a whole, very much at heart—Mr. J. D. Howell. Mr. Howell came here, an absolute stranger, to fill the position as Principal which was vacant due to the resignation of that instructor. The next we hear is that he has been elected Superintendent. In less than one half year he had, by the determination and dispatch in which he surmounted all obstacles, built himself up, from stranger to the highest position that our school offers, and to the highest esteem that the hearts of the students could offer him.

Mr. Howell is a typical man of action—no book wormy, be-spectacled, foggy teacher of legend and story. While in his school, he presides with a just and fair rule of iron, and believes in the efficiency and discipline that he himself was taught during the great fracas recently concluded. But let us take him out of school and view him amid the activities of the students, where an instructor passes the most severe test of his pupils. On the athletic trips, at the games, and at preparing the contests the strings of his pocket-book were always untied to the student flying an S. O. S. signal, his interest, optimism, and enthusiasm were always at 100° C., and the many hours of toil that he expended upon these occasions unconsciously pointed him out to be the "boss." The title of "a good sport" that the students have placed upon him means simply the highest distinction that their code of friendship includes.

Not only has Mr. Howell passed the test of the students with flying colors, but he has also placed the school at a higher point of efficiency than it has ever enjoyed during its palmy years. The application of the students to their work is better, the averages of the monthly grades are higher, and the courses of studies are decidedly more difficult than in former years, and if Supt. Howell keeps up this standard, of which there are no doubts in the minds of the students and town people, Hondo will have one of the best schools in the state. Bearing these facts in mind, we respectfully dedicate Volume I of "The Juajilla Leaf" to Superintendent J. D. Howell.

PRESENTATION OF MEDALS.

Before an assemblage, consisting of the entire student body and faculty, the High School students that were victors in the County Interscholastic Meet were presented with medals and ribbons. After a short address by Superintendent Howell, Miss Jackson pinned the trophies upon the following students:
Edna Graff—one medal.
Wilhelme Belle McClaugherty—one medal.
Lorraine Heath—one medal.
Evelyn Wilson—one medal.
Caro Fusselman—one ribbon.
Selma Stiegler—one ribbon.
Nora Schuehle—one ribbon.
Elma Batot—one ribbon.
Ethel Hutzler—one ribbon.

Willa Mae Gaines—two ribbons.
Sadie Earnest—two ribbons.
Sidney Fly—two medals, two ribbons.
Wallace Heath—two medals, three ribbons.
Milton Batot—one medal, one ribbon.
Robert Bendele—two medals, three ribbons.
Earl Lacy—one ribbon.
Martin Hudspeth—three ribbons.
Oscar Filleman—two medals, one ribbon.
Chas. Wilson—cup, three medals, three ribbons.
Tony Windrow—two medals, three ribbons.
Reinhart Rothe—two ribbons.
Jim Lynch—one ribbon.
Homer Wilson—one ribbon.
Otto Rath—one ribbon.
George Windrow—two medals.
Joe Harvey Wilson—one medal.

THE COACH.

HANS ROTHE.

The school and the town are indebted to Mr. Hans Rothe for his faithful, free-hearted, and instructive work in connection with High School athletics during 1919-20. It was due to this man's efforts, as a coach, that we were so successful in football, basketball, and track. Mr. Rothe is perhaps the most capable coach who has attempted to build winning athletic teams out of the raw material found in this institution—his several years of experience at college making him one of the most competent of all-round athletes that Medina County has put forth. All we hope for, is that Hans, or his twin brother, can coach our athletic organizations next year.

PROGRAM FOR "EXAM" WEEK.

Prepared by the Local High School Chapter of the "Sons of Ease".

1. The "exams" should be limited to two questions. Of course, there should be no less than one omission.
2. Professors should immediately leave the room after passing around the text books.
3. A fifteen-minute recess should be given every ten minutes of the day. Refreshments are to be served by the teachers while a student reads aloud from "Hell and Its Meaning".
4. Hand-mirrors and powder-puffs should be furnished each female student, while cigars should be passed among the males at regular intervals.
5. Each student should be furnished with a stenographer.
6. Students who know how to get certain problems are requested to keep their mouths shut; if you don't know how, tell us. We want sympathy.
7. "Taxies" should be furnished by the school in order that the male students may escort their lady friends home in a proper manner.
8. A "Vic" should be in every room, having among its records "Dardenella" and "That Naughty Waltz".
9. Teachers, in grading, should overlook all errors on the papers as an unintentional mistake on the part of the student.
10. Innocent and angelic expressions upon the faces of the students should have an influence upon the final grades.
11. Professors are requested to "roll the bones" with any student of a sportive nature, who wishes to determine his grade in that manner; clever manipulation and the fine art of talking to "seven-spot" should not be overlooked in settling the student's grade.
12. Girls are restricted to "Bunco"—under no accord should any but loaded dice be used.

JUNIOR-SENIOR PARTY.

One of the most successful social events of the year was staged at the home of Mr. and Mrs. E. R. Leinweber when the Juniors entertained the Seniors. After a course of Forty-two and Bunco the real merriment was begun by playing the old games of "Clap-in and clap out," "Cross-questions and crooked answers," "Going to Jerusalem," and the answering of questions by the Junior oracle. The residence was tastefully decorated in the colors of the respective classes and school while the refreshments consisted of punch, cake, and cream in the form of a bunch of Shasta daisies. Every one had a wonderful evening, especially the Seniors, who declared that a more royal entertainment could not have been provided. The Seniors will entertain the Juniors in the near future.

SENIORS SET PRECEDENT

At a meeting of the Senior Class, it was formally decided that they would adopt caps and gowns as their regulation attire for the graduation ceremonies. Caps and gowns have never before been used in the history of the school and their adoption marks a step in the progress of this institution.

SENIOR CLASS MEETING

The results of the meeting held by the Senior Class was that the date of the Senior-Junior party be placed at May 14th, and several committees were appointed by President Heath to prepare and carry out all the details of this event.

Rural Scholastics.

According to the records of County School Superintendent W. N. Saathoff there are 2,444 rural scholastics in Medina County, a decrease of thirty as compared with the previous year. The Hondo Independent District has a total of 255 scholastics; the Devine Independent District 454; and the O'Hanis District 171, which added to the 110 scholastics of the Coal Mines district living in this county, gives Medina County a total scholastic population of 3,684. The Hondo Independent District is the only one that shows an increase, 60 over the previous year, while the Devine district shows a decrease of 26, and the O'Hanis district a decrease of 28, making a total decrease in scholastics, including the rural and independent districts as compared with the previous year, of 24.

While on the matter of Schools, we will state that petitions have been filed with the court calling elections in the Black Creek and New Fountain districts for the purpose of voting a 50c school tax. As the people of this county have contracted the habit of voting these taxes for the maintenance of the schools, there is but little doubt that both propositions will meet with popular favor at the hands of the voters of those two districts.

2ND MISSION COMES FROM PHILIPPINES

Body Headed by Senate President Quezon Reiterates Demand for Independence.

That the Filipino people are in earnest in their demand for immediate independence is indicated by the coming to the United States of a second Philippine mission to work for independence. Coincident with this announcement the War Department received a cable from Manila stating that the all-Filipino legislature had adopted resolutions reiterating its plea for immediate independence.

The second mission, like the first, is composed of the leading men of the islands and will work in the United States not only for immediate independence, but also to bring about "better understanding, greater confidence and closer economic relations between the United States and the Philippines." The mission is again headed by Manuel L. Quezon, president of the Philippine Senate, who is well known in America, having been for six years resident commissioner to the United

Senate President Manuel L. Quezon.

States. Mr. Quezon and the Hon. Sergio Osmena, Speaker of the Philippine House of Representatives and Vice President of the Council of State, are the leaders of the Nacionalista party, which has been in power since 1907.

While Speaker Osmena is not so well known in the United States as Quezon, he is considered one of the ablest men in the islands. Senate President Quezon recently referred to Osmena as "the greatest Filipino since Rizal."

The personal relations between Osmena and Quezon are probably without parallel in modern politics. They have been the leading political figures in the islands for 12 years, yet there has never been the slightest indication of rivalry between them. Throughout their college life as well as their long political service each has refused to be a candidate for any position that the other aspired to.

During the years Quezon was the Philippine delegate in the American Congress he won the esteem and confidence of both the Republican and Democratic sides of the chamber. Whenever he spoke he was assured of good attendance. One of the official hand reporters once declared Quezon used the purest English of any member of the House.

Osmena, as president of the Nacionalista party, is the leader of the national movement for independence. "Osmena is the premier 'de facto' of the Philippines," said a leading Filipino

Speaker Sergio Osmena.

Journalist, now in America. "A conscientious and tireless worker, tough and persistent, a genius for the big features as well as the smallest details of public affairs, headed, quiet by temperament and action, a deep thinker, an eloquent writer, a polished writer, a keen observer of men—such is Osmena." Osmena and Quezon have been ardent advocates of Philippine independence, yet when the occasion demanded it they have never hesitated to support the cause of America's good relations toward the Filipino people.

BOOKS AS MEDICINE

Books are frequently referred to as tools and as the key to the treasure trove of knowledge. The American Library is daily demonstrating in U. S. Public Health Service Hospitals that convalescent soldiers and sailors find returning health and increasing strength in good books.

TAFT CABINET WITH WOOD

Chicago, March.—Almost the entire cabinet under former President Taft is behind the Leonard Wood for president movement, and it is reported in the east that Taft is very favorable to himself to Wood.

Wood supporters in the former Taft cabinet include Henry L. Stimson, former secretary of war; Franklin MacVeagh, former treasurer; James Wilson, former secretary of agriculture; Frank H. Hitchcock, former postmaster general; George W. Wickersham, former attorney general, and George von L. Meyer, former secretary of the navy.

It is also reported that Philander C. Knox, former secretary of state in the Taft regime, is very favorable to Leonard Wood.

WEST SOLID FOR WOOD

Chicago, March.—"The solid west is for Wood, even stronger than we have been figuring," said Fred Stanley, vice chairman of the Wood national campaign committee, before leaving on a trip which will include Iowa and Kansas in the interests of the Wood campaign.

The fact that Lowden ran a poor fourth in Minnesota was not surprising to Stanley. He said he would not be surprised to see the same results in South Dakota and other states, and is confident Lowden will lose his own state.

Arizona, Colorado, New Mexico and Oregon will back Wood in his fight, and he will be second choice in Washington, Michigan, he declared, will give a big majority for Wood.

BOOKS BRING AID TO SOLDIER SICK

American Library Association Serves Ten Thousand Men in Nation's Hospitals.

EFFORTS BRING RESULTS.

Works on Vocational Training Circulated Among Men Who Must Take Up New Callings Because of Their Injuries.

Hospital library service maintained by the American Library Association during the war was credited with great value in aiding in the recovery of many sick and disabled men.

There are still in our hospitals more than 10,000 former service men. Of these nearly 8,000 are in Public Health Service hospitals, the remainder in civilian hospitals. Books, magazines and newspapers are sent to these men from the American Library Association. In the larger hospitals, containing over 300 patients, special librarians are placed. To the smaller hospitals, through the co-operation of many public libraries, library visitors are sent to visit the wards once or twice a week and learn the book needs of the patients.

A special effort is made to supply to ex-service men in hospitals the books in demand as a result of the training given by the Federal Board for Vocational Education.

More Books for Blind.

The A. L. A., in co-operation with other agencies already interested in work for the blind, is printing books in the new Braille type. Because of the newness of the revised Braille adopted for teaching to the American war blind, literature printed in it is limited to fewer than 200 books. Though the total number of blinded soldiers is small, their need of books is great, and the "magic of print" can do much to restore hope and usefulness to them.

Not only for former service men who are sick or disabled is the association working. The value of books proved so great to men in camps that efforts are still being made to connect discharged soldiers and sailors with libraries wherever they may be. Hundreds of letters have reached A. L. A. headquarters from former service men telling of the lack of library facilities in particular localities to which these men have returned.

Direct Service Provided.

In many cases there is a state library commission or a nearby library to which a man can be referred for the books he needs, but if there is no such organization through which he can be served, books for almost any serious purpose may be borrowed directly from the A. L. A. War Service, 24 West Thirty-ninth street, New York city. The only expense in connection with these loans is prepayment of return postage on books borrowed.

The A. L. A. has published lists of books to help ex-service men who are studying to advance themselves in their work. "Five Hundred Business Books," "One Thousand Technical Books," and reading courses on practical subjects are now in preparation.

Other Work Being Done.

Other branches of work which the A. L. A. War Service is carrying on include service to the Merchant Marine Coast Guard and lighthouses, service to industrial communities which are resultant from the war, service to United States forces overseas. This work is carried on with money received from the United War Work funds, the use of which is limited by the conditions of the gift to these specific purposes.

The service of the Merchant Marine department provides free library service to seamen on American merchant ships in the form of "crews' libraries," bookcase boxes, each containing about 80 books. These libraries are exchangeable at principal ports. Books and magazines are sent also to men in coast guard stations, in lighthouses and on lightships.

Urge Adequate Rates.

In a resolution adopted by the Association of Life Insurance Presidents the heads of the country's large insurance companies express their attitude toward the railroad situation as follows:

"Rehabilitation of the railroads and establishment by law of rates adequate to provide for the present and future demands of our growing commerce and to stabilize the credit and securities of the roads."

Protection for Public.

The executive council of the National Association of Credit Men in a public statement on the credit situation of the country says:

"The council in its consideration of the transfer of the railways to private control felt that it is of the highest importance that the railways be protected from the dangers of receivership and the public assured against uninterrupted service."

COULD NOT STOOP TO TIE HIS SHOES.

Get Rid of Rheumatism and
Gain Twenty Four Pounds
By Taking Tanlac.

"Tanalac not only added twenty-four pounds to my weight, but put me in as good health as I ever was in my life," said Augustus Heib, a well-known farmer of Morton, Ill.

"For four years I was troubled with rheumatism and indigestion," he continued. "and many a day I gave clean out while working in the field and had to lie down until I got strength enough to get back to the house. My rheumatism was so bad that every morning I had to rub my legs before I could stand up and my back was so stiff and painful that it nearly killed me to stoop over. My joints, too, were so stiff and sore that I could not bend over to tie my shoes. My appetite was very poor and when I did eat anything I was in misery for hours afterwards. I was hardly ever able to get a good night's rest because my kidneys were so badly out of order, and last spring my condition got so bad I wasn't able to work and for several weeks I could hardly get out of the house."

"The man I hired to take my place recommended Tanlac so highly that I began taking it, and to make a long story short, I haven't a pain in my body now and can do as hard a day's work as any man. I eat three square meals a day, digest them perfectly and sleep like a top every night. In fact, I couldn't ask to be in better health, and the credit is due to Tanlac."

Tanalac is sold in Hondo by W. H. Windrow; in Castroville by Joseph Conrad and Co.; and in Dunlay by Asa A. Haby.

BRITISH PREMIER CANNOT VISIT AMERICA THIS YEAR

David Lloyd George, British Premier, who was invited to attend the annual session of the Southern Baptist Convention meeting in Washington next May will not be able to attend the meeting, according to a letter to Dr. J. B. Gambrell of Fort Worth, who is the president of the Southern Baptist Convention. At the last meeting of the convention in Atlanta last year, the body of 4200 Baptists voted to invite the distinguished premier to visit America during the meeting of its next session at Washington. Dr. Gambrell was appointed to head the committee which sent the invitation. In reply Lloyd George wrote as follows:

"I shall be grateful if you will kindly convey to the meeting of the Southern Baptist Convention my sincere thanks for their kind invitation to me to be present at the convention which is to meet this year in Washington. I should cordially welcome such an opportunity of meeting my fellow Baptists in America and of paying tribute to their devotion to those principles which are essential in the life of the community. The cordial relations which have for many years existed between your great country and the British Empire, and which have been considerably strengthened by their common experiences during the last five years of struggle and turmoil, are full of promise for the future. It would give me great pleasure to visit the United States, but I very much regret that the demands upon my time are such as to make it impossible for me to promise to visit your convention this year."

The evening was spent in playing various games, and at 12 o'clock cake and coffee was served to which every body did justice.

ONE OF THE CROWD.

SAME ALWAYS TO FRIENDS.

Capt. Edward Barlow, who knew Leonard Wood as a boy, has given Eric Fisher Wood, his biographer, many anecdotes of the general's life. He said:

"No matter how elevated he gets, he never changes toward his old friends. I hadn't seen him for a good many years after he left here. Twenty years later I moved to Brooklyn on account of being master of a ship sailing out of New York.

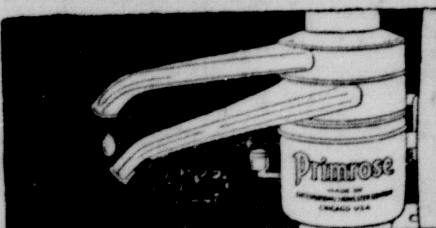

"He was stationed at Governor's Island and one day I decided to telephone him. I said: 'I want to speak to Leonard Wood,' and a voice answered: 'This is Leonard Wood.'

"This is Ed Barlow."

"Ed Barlow, Ed Barlow? he said twice, thoughtful like, and then after a second, 'It's just 23 years since I last heard your voice.' I was kind of dumfounded, because I couldn't recollect to save my soul when I had seen him last. 'I only have one day to myself and that's Sunday,' he said. 'Come over and see me next Sunday.' And I went and we spent four or five hours together."

Strong for "Setting Up."

"General Wood is a strong believer in the benefits of physical culture," writes Clive Newcome Hartt, once his personal stenographer. "At intervals during the day, he will relieve the tedium of sitting still by standing before the open window, drawing deep breaths, and going through regular setting-up exercises. He will keep this up for five minutes or more, and at stated intervals throughout the day."

Every Drop an Asset

AS a dairy farmer you can figure out to the penny what your cream is worth. You know that every particle of butter fat has a distinct value to you. You cannot afford to use a separator that misses any cream.

The Primrose Cream Separator gets every drop of cream. The principle on which it operates is as simple as the mechanism. The frame is open and sanitary—the supply can large and low. Every bearing and quiet gear is well oiled by a splash system.

In Primrose separators, good workmanship and materials, close skimming and durable qualities, are the distinguishing points. These are points that vitally concern your profit.

No matter what the size of your herd, the Primrose is a money-maker. Two-or-three-cow farmers use them with profit.

The Primrose is the only cream separator that automatically drains out the used oil from the gear case when new oil is added.

Let us demonstrate this and other points. If it is not convenient for you to call, phone us and we will bring a machine out and show you how it operates and what its financial advantages are to you.

We Guarantee

the very thing your heart desires

LET us show you the Official Laboratory Model of the New Edison. Let us play it for you. Let us tell you of the remarkable guarantee which goes with this instrument. A guarantee of realism! Do you know what this means?

The NEW EDISON

"The Phonograph with a Soul"

Realism! Only realism can make the phonograph as wonderful a source of music as all the artists in the world.

Realism! How can you know the phonograph that achieves Realism?

The Official Laboratory Model of the New Edison has proved its Realism by direct comparison with living artists. The singer sings—or the instrumentalist plays. Suddenly the artist stops, and the New Edison continues alone.

Four million people have witnessed these remarkable tests. They

found that only by watching the artist could they tell when he was singing—or playing—and when the New Edison was RE-CREATING his performance.

The instrument we'll show you is an exact duplicate of the instruments which triumphed in these comparison-tests. It will sustain the same test. We guarantee it to be capable of the same beautiful and astounding Realism,—and that is guaranteeing everything your heart desires.

Come in and hear it.

Our Budget Plan solves the money problem in buying your New Edison. Let us tell you about it.
